Nest Contracts | Furniture consultants for hospitality, commercial and residential spaces.

Access the best in premium design for commercial projects from our extensive network of over 100 elite design brands.

Seamless, smart sourcing.
Decades of experience.

Work with us and our design network

For over 23 years we have partnered to complete a diverse range of projects in the UK and internationally.

Working with commercial clients, we bring our extensive product knowledge and industry experience.

Where projects take shape.

How we work...

1 Consultancy

We listen carefully to fully understand your needs and establish project drivers for design, functionality and sustainability.

With your dedicated account manager you can rely on budget management and a detailed timeline to ensure we deliver on your ambitions.

2 Procurement

As an independent design specialist for over 23 years, we've built strong, lasting relationships with the best interior brands in the industry. We have the knowledge of what's available and quickly source products to match your brief, offering choice and flexibility. With our dedicated support, we take care of placing, tracking and chasing orders - keeping everything on schedule.

3 Delivery & Installation

Our team specialise in managing delivery for your projects with precision and care. Whether you're working across multiple locations or phases, we'll consolidate or split deliveries and coordinate global exports to meet your schedule. We work closely with you to ensure timely delivery, smooth install and minimal disruption wherever you are in the world.

4 Post-project support

We believe great service doesn't end when a project is complete. That's why our dedicated sales and customer care team remains on hand to support you for the long-term, in all aspects of the after-sales process.

Specialist guidance tailored to your project

Discover our Project Consultation Service, offering one-to-one support tailored to your project requirements.

The extra help you might need

Our project consultations offer specialist support and considered product recommendations that align with your brief, budget and timelines, to help you complete your brief with confidence.

Backed by over 23 years of industry experience, our account managers bring both commercial insight and a trusted supplier network you can rely on to support your project from concept to completion.

interior design brands.

Reasons to choose us

We care about what we sell and the service we provide to you

The worlds best brands, under one roof

Source the very best in designer furniture, lighting and homeware from our vast and varied collection. Our carefully curated brands of furniture specialists and lighting leaders represent the most prestigious designers in the interior design industry. With access to the entire collections from over 100 international brands, with Nest you are able to source for diverse aesthetics. With many of our products made to order, you can specify finish, size & colour to suit your brief.

Project Management

We're independant and dedicated. Our expert design consultants are on hand to assist with your project from the initial brief through to completion.

UK & Global Delivery

We deliver to over 100 countries and aim to get your products to you in 2-9 working days, depending where you are in the world.

Online & in-person consultations

Project consultations with our Commercial Partnerships Manager offer bespoke one-to-one time and expert guidance tailored to your brief, a tiered specification presentation and project management throughout the process.

Showroom facilities & finish library

Home to our contracts sales team, we offer use of our showroom to commercial customers to host clients and make use of our extensive materials and finish library. An inspiring place to meet and plan, surrounded by iconic design.

Instant access self-serve portal

All commercial clients receive instant access to our product portal with trade pricing - open 24 hours to self serve when working into the evening.

We guarantee authenticity

All of our products are the genuine article and epitomise quality and fine craftsmanship. Nothing we stock is fake, imitation or sub standard.

In stock & ready to ship

We hold stock of top performing designs to make ordering with us quicker and tight deadlines easy to fulfil. Discover our range of in-stock furniture, lighting and homeware at contracts.nest.co.uk/in-stock ↗

Exclusive pricing for professionals

We offer competitive pricing on both our self-serve portal and on project orders placed directly with our team.

Q&A Nest Contracts

Delivering informed, consultative support for commercial interiors

We spoke with Commercial Partnerships Manager, Lucy Farmer, about how Nest works alongside clients to add value beyond specification.

Tell us about you and the team at Nest Contracts

"We partner with commercial clients to bring spaces to life—curating outstanding furniture and lighting that deliver the very best in design excellence. The team here combine deep industry expertise with a proactive, hands-on approach. We care deeply about the details, take pride in what we do, and focus on building long-term relationships with clients, brands, and partners who share our commitment to exceptional design. We're a fun and friendly bunch too!"

How does furniture and lighting contribute to brand identity and experience?

"Furniture and interiors are one of the most powerful tools in shaping brand perception. From a hotel lobby to a client meeting room, it communicates who you are and what you stand for; quality, intent, and attention to detail—creating spaces that feel considered, welcoming, and distinctive."

How does Nest Contracts help clients with sustainable procurement choices?

"Designing responsibly and sustainably means thinking long-term. The brands that we work with create furniture that is made to last, using durable materials and responsible manufacturing. This approach not only reduces environmental impact but also delivers better return on investment for our clients."

What design direction is shaping future commercial interiors?

"We're seeing a shift across all sectors towards softer, comfort-led environments which support wellbeing and calmness. Adaptable furniture, harmonious colour palettes, tactile finishes, and beautiful timeless silhouettes are key in creating this—supporting flexible use while creating spaces that feel warm, modern, and inviting."

Supporting your sustainability goals

Our team understands the realities of commercial design and collaborate with you early in the process to align product selection with your project's sustainability priorities - whether that's reducing environmental impact, supporting local production, or meeting specific certification benchmarks.

At Nest, sustainability is embedded into how we source, specify and support design for contract projects.

We work closely with a curated network of designers, manufacturers and suppliers who prioritise responsible production, ethical supply chains and long-term product performance. This enables us to support clients in meeting sustainability objectives without compromising on design integrity, quality or commercial viability. Whether you are working toward internal ESG targets, certification requirements, or simply making more informed material choices, Nest helps simplify the process.

Responsible sourcing made simple

Through Nest, you gain access to furniture, lighting and homewares from designers who demonstrate credible sustainability practices, including:

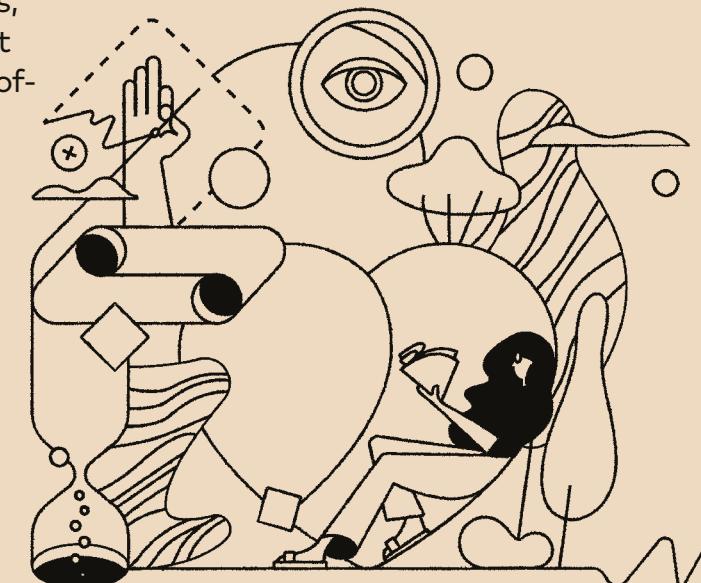

- **Responsibly sourced and traceable materials**
- **Durable, repairable and long-life product design**
- **Low-impact manufacturing processes**
- **Ethical labour and transparent supply chains**
- **Consideration of end-of-life, reuse and recyclability**

Where timber is specified, we work with suppliers who hold FSC® certification or can demonstrate responsible forestry practices, supporting sustainable forest management and full chain-of-custody transparency.

We work with suppliers who can provide the documentation and transparency required for contract projects, helping streamline approvals and specification. We also partner with suppliers who are Climate Neutral certified.

For more information on the sustainability of our products, you can contact our dedicated product specialists, who would be happy to talk you through the information.

Project spotlight

TLC Cheongdam Medical Centre

Redefining wellness through design, our contracts team worked with international client OPlan Design, to style and curate the soothing and welcoming TLC Cheongdam Medical Office.

The paediatric area delights with its playful design elements, integrating vibrant hues and tactile textures. A centerpiece is the HAY Pinocchio Rug, a riot of colours underfoot, complementing the whimsical &Tradition LC3 Margas Two Seater Sofas.

nest
CONTRACTS

Located in the heart of Cheongdam-dong, Seoul, TLC Cheongdam Medical Centre shuns the traditional aesthetic of medical spaces in collaboration with OPlan Design, a premier interior design agency in South Korea and Nest Contracts. The result? A modern facility that marries functionality with an inviting ambiance.

Stepping inside, visitors are immediately struck by the homely atmosphere – an intentional design choice fostering relaxation and tranquillity. A departure from the sterile, clinical environments typically associated with medical facilities, here, the space exudes warmth, reminiscent of a welcoming home.

Luxurious lounge chairs, such as the iconic **Little Petra** from **&Tradition**, beckon visitors to take a seat amidst generous plant arrangements that infuse the atmosphere with vibrant greenery.

The **Form & Refine Shoemaker Bar Stools** introduce natural materials to the waiting area, bringing warmth while harmonising with the countertop's tranquil palette of pale blue and green tiles, orchestrating a visual symphony that soothes and captivates.

The medical office seamlessly blurs the lines between a professional workspace and a comforting study. The gentle, soothing glow emitted by the **Louis Poulsen PH 3½-2½ Glass Table Lamp** imparts a reassuring aura that nurtures a sense of privacy.

Featured:
&Tradition Fly SC2 Sofa
Vitra Eames Stool
Model C & A

With the help of Nest Contracts, TLC Cheongdam Medical Centre stands as a testament to the transformative power of design within healthcare settings, embracing a holistic approach where aesthetics elevate the wellness experience for all who step through its doors.

CONTRACTS

“The showroom design strikes a balance between Park Hill's modernist architecture and the natural world, creating an interesting blend of organic and industrial elements.”

Nest at Park Hill

Nest showroom & event space

Located at Park Hill in Sheffield, the Nest showroom is your design destination in the North.

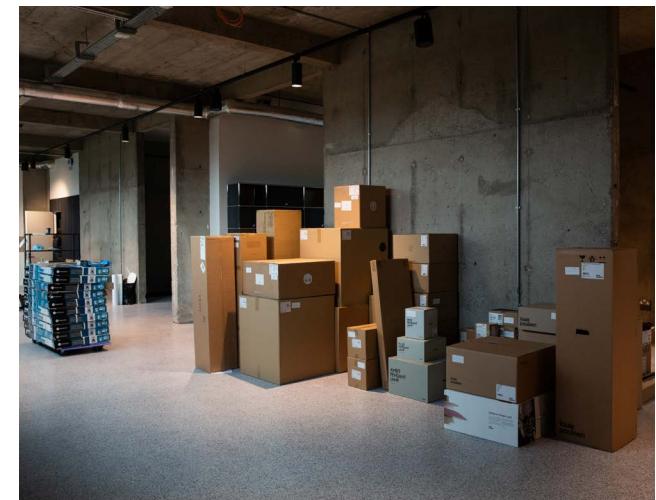

Christian Hawley acquired the space in 2021 with a clear vision in mind. After many years of admiring the iconic building, producing photo-shoots against the backdrop and working alongside Urban Splash on previous projects, it was a natural next step for Nest.

To find out more read –
[The Renovation of Nest's Park Hill Showroom at \[nest.co.uk/the-renovation-of-nests-park-hill-showroom\]\(https://nest.co.uk/the-renovation-of-nests-park-hill-showroom\)](#)

"It was very important to us that we make the most of the original space and features and complement it with the design of the interior, so we have invested a lot of time into getting everything just right. A considered approach that works in harmony with the existing architecture was something we felt passionate to achieve."

Christian Hawley, CEO and Founder

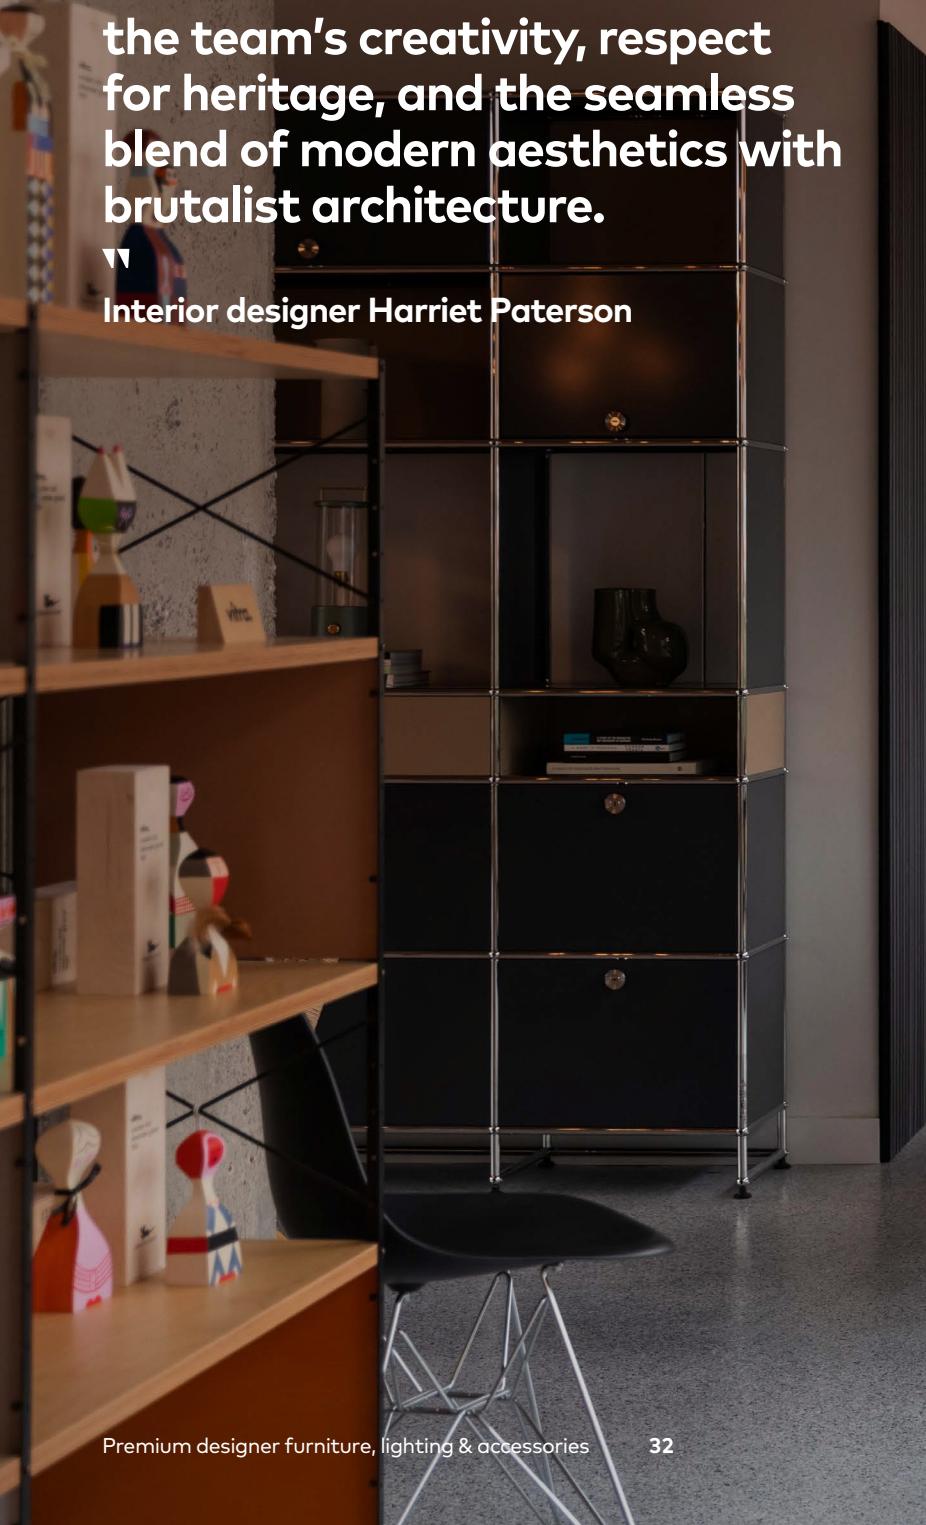

"

The transformation of this space into Nest's awe-inspiring showroom is a testament to the team's creativity, respect for heritage, and the seamless blend of modern aesthetics with brutalist architecture.

"

Interior designer Harriet Paterson

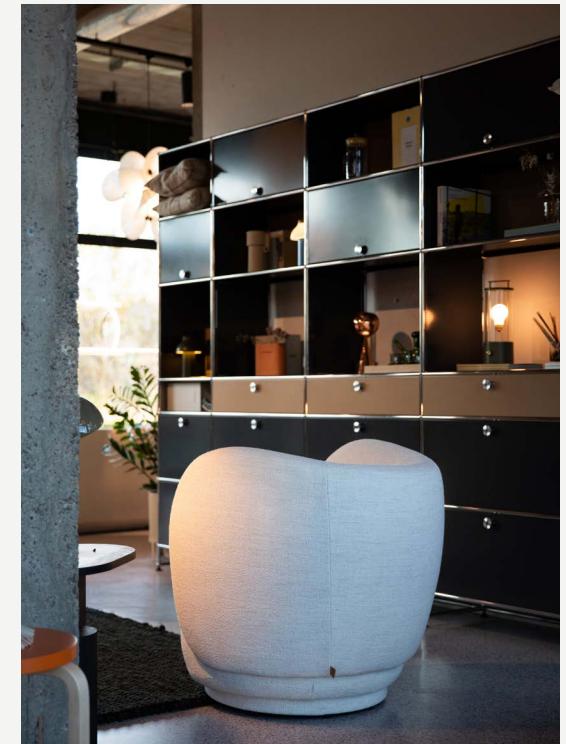

For Nest, the working showroom at Park Hill is more than a show space; it is an enduring symbol of the fusion of history and innovation.

Our team's unwavering passion for design shines through every detail, hoping to provide visitors with an unforgettable experience in the heart of Sheffield's thriving creative landscape.

How to find us

Only a short 5-minute walk from the nearest tram stop and train station to the Nest Showroom and Park Hill Flats.

 **Pedestrian Routes**

A space to learn and explore in.

More than just a showroom, Park Hill allows us to gather with clients and host design-led events.

Sustainability Matters With Mater

We dove into the heart of sustainability to discover what's next for eco-conscious design. Thought leaders, experts and enthusiasts gathered to talk on crucial topics like carbon action and delivering a positive environmental impact.

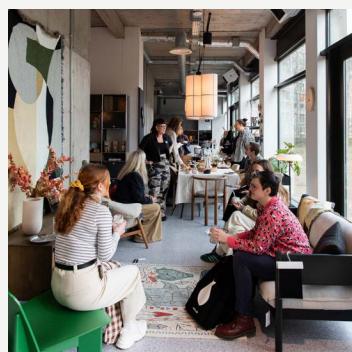

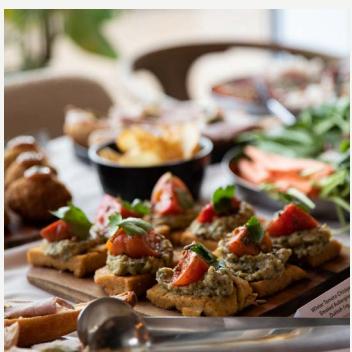

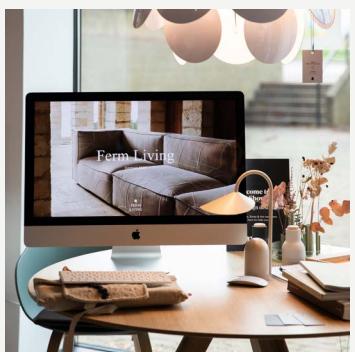

Design showcase With Ferm Living

We welcomed our interior designer clients for a Scandinavian design showcase in collaboration with Ferm Living. Featuring their latest product launches, the event explored contract-ready applications through live project case studies, offering practical insight into real-world specification and performance.

We explored design inspiration, materials and key design functions, fabric suitability and custom configurations.

Home to the Nest Contracts Team, Park Hill serves as a practical base for commercial collaboration. With access to an extensive materials and finishes library, it offers an inspiring environment for meetings, specification and project planning.

Concrete Communities Expert panel talk

23 YEARS YOUNG

2003

Nest emerged from modest origins, beginning in a cosy showroom on Ecclesall Road in Sheffield. Originally known as Living Rooms, this was the birthplace of the nest.co.uk platform, where our design journey began.

2009

As pioneers in eCommerce, we swiftly outgrew our snug showroom, expanding into a dynamic new space on the city's outskirts, excited for what lay ahead for us in the design world.

2012

We launched our inaugural brochure - a curated collection of interior advice and ideas. This edition heralded the start of our love story with Park Hill, staging the photography in the apartments and shared spaces.

2013

Driven by the growing interest in design across UK homes, we expanded our space, relocating our warehouse and logistics teams near Kelham Island. Simultaneously, we partnered with Kiwi & Pom to transform our showroom into a stunning reflection of our design vision.

2015

Building on our reputation, we stepped into the spotlight as headline sponsors at Design Junction during the London Design Festival. Teaming up with 2LG Studio, we curated an enchanting pop-up shop space that captured imaginations and brought products within the reach of customers.

2017

We teamed up with Manchester's Oi Polloi for a unique collaboration with Nest, blending Northern talent to highlight the intersection of fashion and design - an ode to everyday design.

2019

A pivotal year of refreshing and exciting collaborations. Yorkshire Sculpture Park sought our expertise to furnish their award-winning restaurant, The Weston. Collaborating with My Father's Heart, bespoke kitchen artisans, we co-hosted an in-showroom exhibition featuring our timeless classic designs.

2021

The unveiling of our Nest Contracts website marked another significant milestone - a dedicated space catering to the specialist needs of our commercial clients.

2023

In a much-awaited celebration of our 20th year, we unveiled our crowning achievement - the Park Hill showroom, home to a breathtaking curation of designs and our Contracts and Sales Team. Simultaneously, our new warehouse and bespoke head office build met completion. The Nest team moved into our new, fit-for-purpose home.

2025-26

The Nest Contracts Team continued to partner with commercial clients such as David Lloyd, Padel Tech, Angus Reid & Dragonfly Contracts Ltd to create meaningful spaces.

Our Delivery Partners

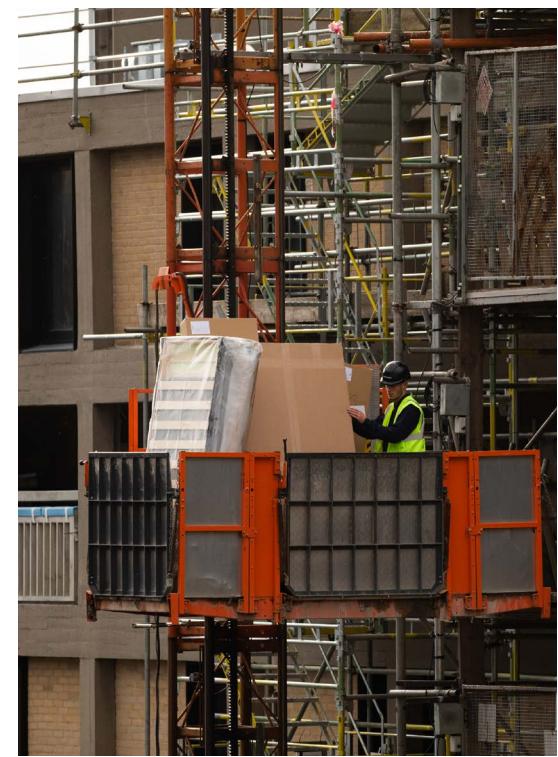

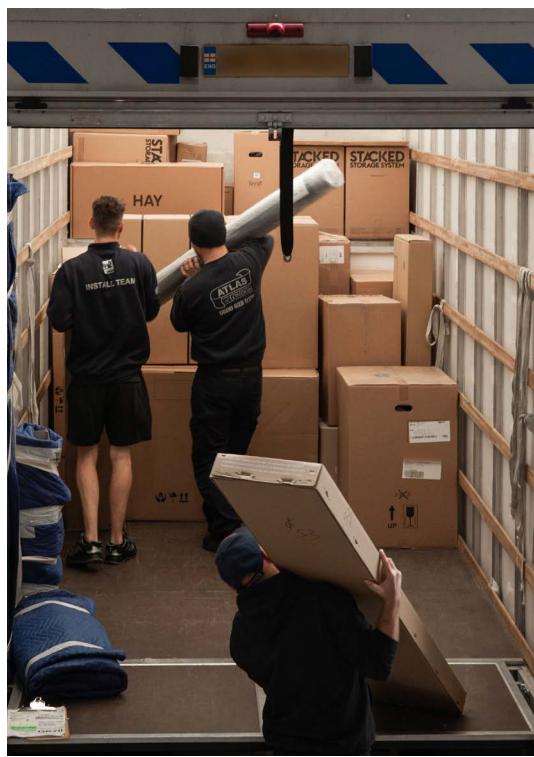

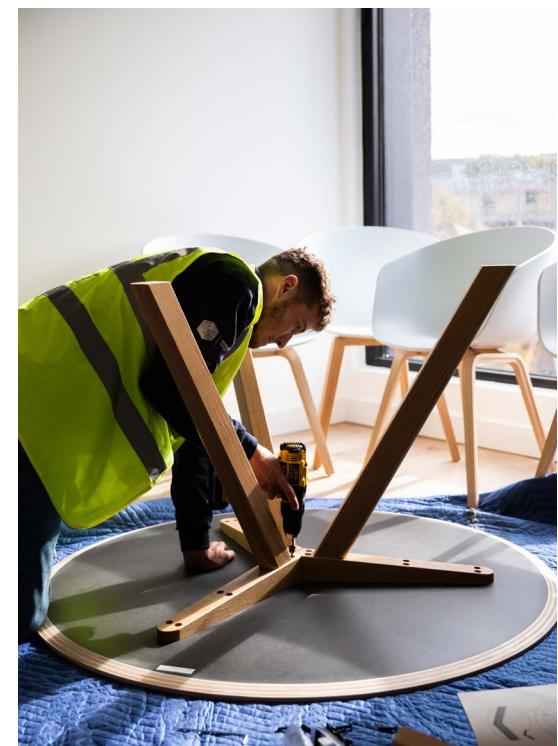

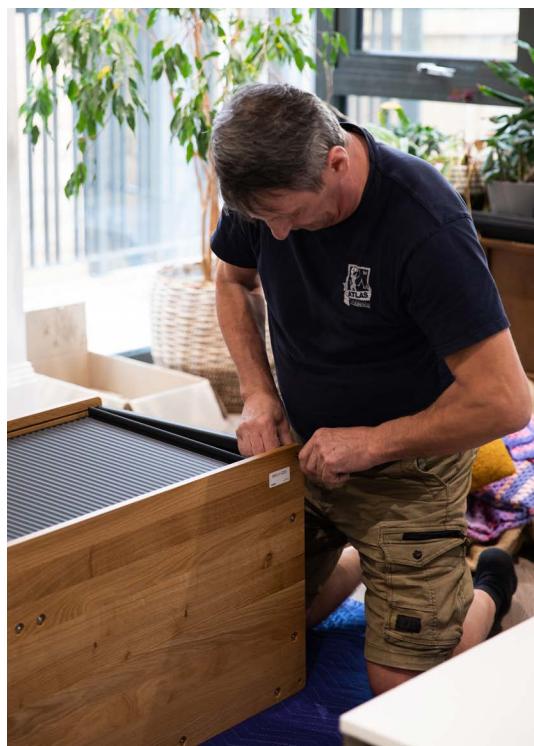

Atlas of London have been conducting furniture deliveries and domestic removals for over 23 years. Working in collaboration with some of the UK's finest furniture retailers, their years of experience make them experts in their field. This combined with their great reputation means they are our trusted delivery partner of choice for large, bulky, and fragile furniture deliveries.

Through our chosen partner for over 6 years we also offer a dedicated white-glove delivery service within the UK for orders containing large and fragile items. An optional upgrade, this service offers complete peace of mind. With careful handling, unpacking and delivery to a room of choice, removal and recycling of packaging and on-site assembly by a trusted team, this service respects both your space and the chosen designs. With further options available through their projects team, Atlas, together with Nest Contracts offer tailored options to suit your needs.

Every partnership we form is built on trust, experience and shared values. By working only with delivery teams who treat each piece with the same care and attention as we do, we ensure your furniture is handled thoughtfully from warehouse to installation – giving you confidence that your project is in safe hands throughout.
